President's Message

Dr. Subramania Iyer
President - APSI

Senior Colleagues, Friends,

It is with great pleasure and sense of humility that I write to you for the first time after assuming the office of President of our esteemed association. The sense of humility stems from the greatness of the people who have preceded me with in this office. The medical community in general, including our plastic surgery fraternity, is facing immense challenges in our current environment, which needs concerted action from all of us to overcome them. I do hope that during my tenure I will be able to contribute whatever is possible in this effort.

The specialty has grown greatly in recent times with addition of number of both trained specialists and higher surgical trainees. Our spectrum of activity and number of patients being catered to by our specialty has increased. But along with this we find other specialties encroaching into what was our so called exclusive domain and due to lack of due interest in some of the areas of our work we have not been able to sow an increased

Secretary's Message

Dr. Parag Sahasrabudhe
Hon. Secretary - APSI

Dear Esteemed Members of the APSI

It is my privilege and honour to present to you the April 2017 Newsletter of our Association.

Many events have taken place after the last annual general body meeting.

The Association has filed written statement in the Court of Law in the case of Civil Suit filed against the association. I would like to thank all the members of the association who contributed to the matter related to the civil suit.

In the recently held mid-term Executive Committee Meeting crucial decisions were made that will have long-lasting impact on the progress of our Association.

Decision was taken to form a legal cell of APSI.

Strategic planning committee of APSI was formed to prepare five year vision document for the APSI.

Special publicity cell of APSI was formed which will look into marketing of our speciality and creating public awareness.

activity. Aesthetic procedures fall in the first category and reconstructive surgery like that of breast can be included in the second. The public perception of plastic surgery still remains that of on an elite surgical specialty dealing with not so necessary services. This perception percolates down into the health administrators and insurance companies. Even though the trend of young postgraduates joining plastic surgery training programmes is showing a healthy increase we still lack uniformity in achieving excellence in training throughout the country. Research in plastic surgery is still in the infancy.

The association has recognized the need for assuming a proactive role in addressing some of these issues. Deliberations have been extensive and meaningful in the Past Presidents forum and the executive committee, which has come out with good suggestions. Accordingly the website is to be revamped completely making it useful for both members and the public. The curriculum committee has made its report on unified training pattern, which will be taken up to the concerned authorities. Dabbling of untrained persons into the plastic and reconstructive surgery procedures are being resisted by taking this matter to the licensing agencies highlighting the danger to the public. A legal cell and getting a PR agency involved in improving the public perception of the specialty is in the offing. Considering the fact that we need long term planning and continuity of efforts over several years, a strategy planning committee has been formed to provide the members with a vision statement by the end of this year.

Our team wishes to thank you all for the faith reposed in us to serve the association and welcoming you all to Kochi for our next annual meeting.

Yours Sincerely

Dr. Subramania Iyer
President, APSI

RECENTLY CONCLUDED CONFERENCES

Craniofacial Cadaver Workshop – Hands on Training for Plastic Surgeons

23-24 February, 2017

Hands-on training Craniofacial Cadaver Workshop for Plastic Surgeons, conducted at Ramaiah Advanced Learning Centre, Bengaluru, Karnataka, was organised by the Department of Plastic Surgery, Ramaiah Hospital. This was attended by 25 delegates.

The rating from the delegate feedback was excellent. They were of the opinion that since most of the Plastic Surgeons were not exposed to craniofacial surgery during their training period a program of this magnitude was necessary to understand the complex procedures in this area. The faculty felt the need to conduct this course annually to create awareness among the budding Plastic surgeons and demystify Craniofacial surgery.

Important Decisions made by APSI Executive Council in its Midterm Meeting

The Mid-term Executive Committee meeting was held on 11th March 2017 at Munnar. In the past president's meetings held during APSICON 2016 valuable suggestions were given by the Past Presidents - To form Scientific Committee of APSI, New Executive Body should meet before the end of the conference, President Elect should also be invited to this meeting of Past Presidents, Create a Legal Cell in APSI, Create a Publicity Cell of APSI and concentrate on Public Awareness Programme. These were sincerely considered and important decisions were taken by the Executive Council.

The APSI Executive after due deliberations has taken following decisions –

1. There will be **National Scientific Committee** for each APSICON. They will give suggestions to the local scientific committee. The scientific committee chairman of the APSICON will be the final authority in deciding scientific programme.
2. The **past presidents meeting will be held before the Annual executive committee meeting**. The president elect will be invited for the same. The agenda of the same will be circulated by immediate past president in coordination with the current president. The invitations to the past presidents will be responsibility of the current president.
3. The EC has formed a committee headed by Dr. Mukunda Reddy including Dr. Satish Bhat and Dr. Atul Shah as its members to take quotations from legal firms in order to form **Legal cell at APSI**.
4. The EC has formed a committee headed by Dr. Surajit Bhattacharya including, Dr. Raja Sabapathy, Dr. V. K. Tiwari and Dr. Shailesh Ranade as its members to take quotations from PR firms regarding **publicity cell of APSI**.

As per discussion in the GB 2016 - President Dr. Iyer had agreed to give time to the aspiring **vice presidential candidates to express their vision for APSI from the podium** from this year itself. The candidates will be given time of 3 minutes to express their thoughts after withdrawal time is over. **The withdrawal time will be preponed to 2 pm from current 5 pm**. It was also unanimously decided that **if candidate is found campaigning near the booth he will be debarred from the elections**. This will be implemented from APSICON 2017 onwards.

As per suggestion received from Dr. Lokesh Kumar during the last GB 2016, after discussion on pros and cons it was decided to form a **strategic planning committee** of APSI consisting of Dr. Iyer, Dr. Raja Sabapathy and Dr. Mukund Thatte to prepare 5 year vision document for APSI. It will be document for future presidents to refer to.
