No. 32

New Delhi

Dr. B. Sadashiva Murthy

President

Greetings from Bangalore!

The response for the 37th APSICON is good. I would like to invite all those who have not yet registered to do so now.

Since our Association can meet only once a year there are various aspects we have to give importance. Apart from concentrating on the Academics and Professional work, we need to think of the functioning of the Association through the Executive Committee, the fellowship, Finances for the Journal and other social activities to keep our young and new members constantly attracted towards the Association activities. Since the Executive Committee and General Body meets only once a year, more detailed planning/discussion and execution of the policies decided by General Body are required. I expect better participation of the members in the General Body for suggestions of more effective ways of functioning.

Medical Council of India is yet to accept and finalize about the curriculum recommended by the APSI for MCh training programme, but it has accepted and circulated about the uniform duration of the MCh course for 3 years. This has to be adopted by all the 20 and odd training institutes engaged in postgraduate training courses with guidance from concerned Universities.

I have received many suggestions with regard to "Smile Train Programme". We need to have more discussions about that during the Conference. I request especially those who are having MCh/DNB programmes to take part in the discussion to arrive at better method of implementation of the Scheme under the leadership of a Plastic Surgeon/ Member of Association of Plastic Surgeons of India.

The menace of doctors from abroad whose credentials are not known to the APSI is still continuing. I have approached the MCI and the Government of India to formulate proper controls and put an end to unscientific and illegal methods of experimenting on our citizens by the so called specialists and very eager NGO's who are obsessed with arranging "Free Treatment".

I would again appeal for participation in "Mysore Visit" by informing well in advance which will enable us to make proper arrangements.

We look forward to see you in Bangalore.

With ward regards,

Yours sincerely,

Prof. B. Sadashiva Murthy

Dr. Rajeev B. Ahuja

Secretary

This July Newsletter was intentionally delayed. The July Newsletter contains the notice of General Body meeting and since APSICON is taking place in November end it would have been too premature to serve the notice in July.

Although, there have been a few hiccups, the work on bringing out the directory is proceeding at the right pace. In spite of a reminder I have received the updated data from less than 40 percent members. We are still in a position to accommodate data inputs because final proof reading is still some time away, and therefore, all those who would like to send in the completed form now are most welcome to do so by the end of September. Of course you can email the completed form to me, after downloading it from the web site (Newsletter, Nov. 2001). Finances for the directory have been the other major hurdle, although they were sanctioned at Mehsana meeting. The President and I have now decided to collectively mobilise resources from advertisers for this venture, and because of President's keen interest the directory will be released during the inauguration ceremony of APSICON 2002.

Burn management does not have many takers in our country. At the Quadrennial Congress of ISBI in Seattle, USA, there were only 6 delegates from India. American Association of Physicians of Indian Origin (AAPI) with over 20000 members is keen to improve and contribute to burn care in India and has constituted a task force for same. If you are keen on working on this collaboration then you may contact Dr. Mathangi Ramakrishnan (kmr_mathangi@hotmail.com).

The cyber city of Bangalore beckons you all to attend APSICON 2002. The local scientific committee is working overtime to accommodate as many presentations as possible.

I believe they are inundated with abstracts this time.

Looking forward to seeing you at Bangalore.

With best wishes.

Rajeev B. Ahuja

Minutes of General Body Meeting

The General Body Meeting of APSI will be held at 6.00 p.m. on 29th November, 2002 in Hall 'A' at the venue of the conference in Bangalore.

1. Opening remarks by President.
2. Reading the notice of the meeting.
